

CASE STUDY

Residential Application

Award Winning Energy Saving and Asset Protection Coatings

GEOGRAPHICAL AREA:

Darien, Illinois

ISSUE:

Home Energy Savings

SOLUTION:

HomeProtect™.

Coverage: 3-coats

RESULTS:

- ✓ Reduce heating bill from \$147/month down to \$115/month.
- ✓ 6/8 degree increase in heat retention during winter months.
- ✓ Surface protection- mold, moisture and UV resistance.
- ✓ Long lasting 5-10 years

"We have had HomeProtect™ in our home for 2 and 1/2 years. The first time I heard about HomeProtect™ was in a discovery channel new products presentation. I bought 5 gallons and the rest is history.

We reduced our heating bill from \$147/month to \$115.00.

My son-in-law works at an ad agency in Chicago and has spread the word about an insulating paint he used in one room of their condo. The difference was like mine; a 6 to 8 degree increase in heat retention in the winter. "

-R. Jankowski, Darien, Illinois
