Award Winning Energy Saving and Asset Protection Coatings

GEOGRAPHICAL AREA:

Naples, Florida

ISSUE:

One Year Mold/Bacteria
Resistance Test:

SOLUTION:

Syneffex's Crystal clear
mold resistant roof coating

Coverage: 2-coats

RESULTS:

- ✓ Mold resistant
- ✓ UV Resistance- protecting
color of tiles.
- ✓ 10 year warranty

One Year Mold/Bacteria Resistance Test:

March of 2013 - The roof was cleaned, and the upper left-hand corner of the roof was coated with Syneffex's™ Crystal as a trial of its resistance to mold/ bacteria growth in the tropical climate of Southwest Florida.

March of 2014 - This photo was taken a year later, and shows that while the mold/bacteria returned to the rest of the roof, the Crystal coated area remains clean and looking great. Crystal insulating and mold resistant roof clear coat comes with a 10-year worry free warranty.
